this book studies abraham ibn ezra s 1089 1167 scientific thought his life and oeuvre are viewed as the very embodiment of the rise of medieval hebrew science a process in which jewish scholars gradually adopted the holy tongue as a vehicle to express scientific ideas

from the middle ages until the present the development of astrology among jews was associated mainly with the name of abraham ibn ezra 1089 1167 his scientific corpus deals with mathematics astronomy scientific instruments and tools and the jewish calendar but especially with astrology this volume is the first product of a larger enterprise a scientific edition of all twelve ibn ezra s astrological treatises and offers a critical hebrew text of the two versions of ibn ezra s sefer ha te amim the book of reasons accompanied by an annotated translation and commentary the two treatises presented here were designed by ibn ezra to offer reasons explanations or meanings of the raw astrological concepts formulated in the introduction to astrology that ibn ezra entitled reshith hokhmah beginning of wisdom

from the middle ages until the present the development of astrology among jews was associated mainly with the name of abraham ibn ezra 1089 1167 his scientific corpus deals with mathematics astronomy scientific instruments and tools and the jewish calendar but especially with astrology this volume is the first product of a larger enterprise a scientific edition of all twelve ibn ezra s

astrological treatises and offers a critical hebrew text of the two versions of ibn ezra's *sefer ha te'amim* the book of reasons accompanied by an annotated translation and commentary the two treatises presented here were designed by ibn ezra to offer reasons explanations or meanings of the raw astrological concepts formulated in the introduction to astrology that ibn ezra entitled *reshit hokhmah* beginning of wisdom

the present volume focuses on henry bate of mechelen 1246 after 1310 the first scholar to bring ibn ezra's astrological work to the knowledge of latin readers the volume has two main objectives the first is to offer as complete and panoramic an account as possible of bate's translational project therefore this volume offers critical editions of all six of bate's complete translations of ibn ezra's astrological writings the second objective is to accompany bate's latin translations with literal english translations and to offer a thorough collation of the latin translation with their english translations against the hebrew and french source texts this is volume 1 of a two volume set

with this volume readers of english have a key to unlock a vast treasury of knowledge previously closed to them

this volume offers the first critical edition with english translation and commentary of seven astrological treatises by abraham ibn ezra the book of elections 3 versions the book of interrogations 3 versions and the book of the luminaries

as a result of abraham ibn ezra's increasing popularity after his death there were repeated waves of translation of collections of his hebrew astrological treatises into latin and into the emerging european vernaculars a study of these versions affords us a golden opportunity to shed light on a significant missing link in our knowledge of ibn ezra's astrological oeuvre the present volume offers the first critical edition accompanied by an english translation a commentary and an introductory study of three latin texts on the astrological doctrines of elections and interrogations written by or attributed to abraham ibn ezra the *liber electionum* the *liber interrogationum* and the *tractatus particulares*
